Good will, good vision, good results

Teenagers' parties at Shevington Youth Club

We've had some great parties at the club -
but one or two dodgy ones.

We need to set a few conditions:-

- No more than 50 young people – and you **must** know who's coming
- At least one adult for every ten young people
1 – 20, two adults, 21 – 30, three adults
31 – 40, four adults, 41 – 50, five adults
(What's an adult? Parents, etc, not 18-year-olds!)
- **ABSOLUTELY no alcohol** (or drugs)
inside or outside the club – outside is an Alcohol Watch zone
- Clean up afterwards – collect all litter, sweep the floor, wipe down the tables, mop up spills, take away all rubbish
- Leave the club as you would hope to find it.

This is all about looking after the club (for other people's use) and keeping teenagers safe.

Teenagers need to know that they are being looked after; they need happy memories of their parties. We want them to have happy memories of their parties, too.

Your care for them will make this possible. Enjoy your party.

J.Whiteley
